Hi Geniece,

Please find attached R3 with ICFs edits/response to comments. We've prepared the supplemental file, but it's still under final review.

Thanks,  
Raquel

Hi Raquel,

It looks like we're going to have the tech-edit work (generally the "ICF Pre-Clearance" tasks) completed through an ICF TO managed by Vicki Soto (to conserve funds on TO-34). I'll let you know when we move that forward in case there's internal coordination needed on the ICF side to keep you in the loop.

Thanks,  
Geniece

Hi Geniece,

Thanks for clarifying! I'll give the formatting team a heads up that this task will be coming up in the near future, but we don't have a specific timeline yet.

Best,  
Raquel

**Subject:** RE: PCB evidence map manuscript - author revisions

Hi Raquel,

Thanks. The ordering of the "ICF Pre-Clearance" and "ICF 2020 Update" comments will depend on how soon I finish processing the 2020 update. I was able to work on some of that last week, though – and made good progress - so, I expect that the 2020 update revisions will happen first.

Geniece

**Subject:** RE: PCB evidence map manuscript - author revisions

Hi Geniece,

I've forwarded the revised draft (R3) to the co-authors you indicated below. I've asked them to confirm if they're able to respond by Friday. I'll keep you posted.

ICF is making progress on the supplemental file and Courtney is updating the figures using the revised data file. We expect these to be ready by Friday, August 20.

Also, just for planning purposes, do you anticipate that the next phase will be the time for ICF to work on the "ICF Pre-Clearance" comments or will we do that after the "ICF 2020 Update" comments are resolved?

Thanks,  
Raquel

**Subject:** PCB evidence map manuscript - author revisions

Hi Raquel et al.,

I think we're in the home stretch now. The revised draft attached to this email includes comments tagged to the following authors for their consideration/response:

ICF

Pam Factor-Litvak

Michael Bloom

Pradeep Rajan (most carried over from the last version – and there are also comments for him in the previous revision of the table)

Sharon Sagiv

Larry Robertson

Todd Jusko

I think we're aiming for a finish date of **August 20**, but let me know if that needs to be adjusted.

I've also attached a revised data file for the Tableau figures for Courtney as discussed earlier this week.

Please let me know if you need any additional information or clarifications.

Thanks,  
Geniece
